

GOVERNMENT COLLEGE MOKERI

Mokeri (P.O), Kakkattil (via)Kozhikode, Kerala, Pin-673507
(NAAC Accredited with 'B+' Grade)

SPORTS & CULTURAL ACTIVITIES

Physical and sports facilities, digital infrastructure, learning resources, innovative academic infrastructure, and cultural facilities are all vital for fostering a dynamic learning environment and preserving academic excellence. Provision of sufficient and high-quality infrastructure—including classrooms, laboratories, libraries, auditoriums, gymnasiums, and IT facilities—has a profound effect on student support and advancement, research, evaluation, and education. Ensuring the establishment of adequate physical and IT infrastructure is critical for promoting high-quality education and facilitating the institution's efficient operations. It is mandatory for institutions to accord significant importance to the development of infrastructure, as the effectiveness and calibre of the infrastructure directly or indirectly impacts every aspect of an institution's operations. In order to confront the complexities of the twenty-first century, the institution constantly upgrades its digital infrastructure to enable faculty and students to access it. The institution as well as the affiliating university offers a wide range of opportunities for students to engage in sports and cultural activities.

Active engagement in games and sports is an obligatory requirement for Core Courses. The facility features a playground that accommodate a variety of sports, including basketball, volleyball, cricket, and football, in addition to a gymnasium. The college auditorium is adequately furnished across to accommodate annual functions and cultural events. Additionally, significant cultural gatherings are orchestrated. Regularly, competitions, sports, and games are planned for the students. Students participate in Youth Festivals and other extracurricular athletic and cultural events. An extensive array of yearly activities are observed, encompassing sports competitions in which students partake in all significant sports categories. The campus addresses the varied requirements of students in terms of making the most of their time on campus in a constructive fashion, with the overarching goal of enhancing students' quality of life. Here the students have the chance to demonstrate their aptitudes and actualize their maximum capabilities through participation in a variety of activities. Students cultivate leadership attributes and foster a sense of unity as they coordinate a multitude of activities. The formation of intra-disciplinary and inter-disciplinary bonds among students ensures a healthy and peaceful campus life. The pursuit of pastimes, sharing of responsibilities and other recreational activities by students make the Fine Arts and Sports activities significant in the student's life at the institution.
