

## Report on Orientation Class: "Future Opportunities in Chemistry"

**Organized by: Department of Chemistry, Government College, Mokeri**

The Department of Chemistry, Government College, Mokeri, organized an orientation class for BSc Chemistry students on 8th January 2025 at 9:30 AM in the seminar hall. The class topic, "Future Opportunities in Chemistry," was conducted by CSIR-JAM exam trainer Shyvind Raj.

The session aimed to enlighten the students about the vast career prospects and opportunities available to them in the field of chemistry. Shyvind Raj delivered an engaging and informative lecture, highlighting the diverse career paths available to chemistry graduates.

The students were introduced to various career options, including research and development, quality control, academia, and industry. Shyvind Raj emphasized the importance of developing skills, such as analytical thinking, problem-solving, and communication, to succeed in the field of chemistry.

The session was interactive, with students actively participating in the discussion and asking questions. The event provided a valuable opportunity for the students to gain insights into the exciting world of chemistry and its numerous applications.

The Department of Chemistry expresses its sincere gratitude to Shyvind Raj for sharing her expertise and inspiring the students.
